

# Virtual: Critical Thinking in the High Ability Classroom, K-6

**September 15, 2020**  
**8:30-11:30 or 12:30-3:30**

\$50 ESC Member | \$75 Non-Member

Are you interested in supporting richer and deeper thinking in your students? People with the ability to think critically are sought after members of any team. Deepen students' critical thinking skills with relevant and rich tasks at all of Webb's Depth of Knowledge (DOK) levels. Learn infuse critical thinking tasks into all subject areas with strategic tasks, games, and challenges that support high ability learners.

**Register**

## Workshop Agenda

- Discover strategies for developing critical thinking in high ability learners.
- Learn to use Webb's Depth of Knowledge model to evaluate tasks according to the complexity of thinking they require.
- Experience games, tasks, and challenges that will encourage your own critical thinking and support your development of these skills in your students

Erin Mohr is Coordinator of High Ability Services in Hamilton Southeastern Schools with 17 years of experience in education; including teaching, instructional coaching, and leading professional development. She is passionate about authentic, meaningful learning that provides students with the opportunity to share their voices, interests, and passions through real world learning experiences and integrated projects. She takes special interest in critical thinking and increasing rich tasks and cognitive complexity in all subject areas.
